

SYNTHETIC COCONUT

The Zermat 135 is the most used product to create personalized inlay doormats. Can be used both indoors and outdoors, it can be cut to any size to adapt to any type of entrance. The non-slip rubber back still guarantees excellent stability of the doormat even for free laying on floors without recess. The texture of the Zermat 135 allows you to reproduce even the finest details of your logo in inlay.
